PARAGRAPH: I'm In The Hell

Everyone wants to go to heaven. But unfortunately I'm in the hell. It's not a good place. It's too hot in some places. And in some places it is too cold. Hell doesn't have any good weather. Everywhere it is Black. I can see dead trees standing like guards. The sun cannot be seen. I can hear the screams of human being. They are cursed by Allah. Marcellus punishments are going upon them. Here people are always scared. Seeing everything, it seems to me that hell is really a bad place.
